Mr. Spurgeon has sometimes been remonstrated with by persons more orthodox than himself—if such can be conceived—for driving on Sunday. His retort is that he is under grace, while his horses are under the law, so that their Sabbath comes on the Saturday and his own on the Sunday, which is a most convenient arrangement. But it is a fact that he takes care the animals shall have at least one day's rest in seven, which is both prudent and humane.
